

SimpliTend

A caregiving app for
evolving care needs

SimpliTend

I'm caring for myself

I'm caring for someone
who doesn't carry or use
a smartphone

I'm caring for someone who
uses their smartphone to
manage care

 **Set medication reminder**

 **Track routines, appointments, and reminders—all in one place**

 **Care Snapshot for In-Home Support**—One-page view of allergies, daily support needs, diet, and doctor info

 **Set medication reminder**

 **Track routines, appointments, and reminders—all in one place**

 **Care Snapshot for Respite Helpers**—One-page view of allergies, daily support needs, diet, and doctor info

 **Respite Support**—Real-time updates and notifications, plus care info for temporary helpers

 **Set medication reminder**

 **Track routines, appointments, and reminders—all in one place**

 **Care Snapshot for Respite Helpers**—One-page view of allergies, daily support needs, diet, and doctor info

 **Respite Support**—Real-time updates and notifications, plus care info for temporary helpers

 **Location Awareness—Geofence** alerts and real-time sharing
